

Important export information:

This list cancel's all previous list.

Minimum order: 1,000 usd

Minimum for wholesale: 2,500 usd (including seedlings)

Plants size:

All sizes on this list, correspond to the actual plant size (in inches)

The sizes are also related to the time the plants takes to grow and flower under normal circumstances.

All the sizes are expectations. The photo is the example of *Cattleya walkeriana* and the sizes may vary according to species and crosses.

Photo caption:

T2" = 4 years to blooming size

NBS = 1,5 to 1 year to blooming size

T3" = 3 years to blooming size

BS = Blooming expected that year or each has already bloomed

T4" = 2 years to blooming size
